TARGET J10

TARGET J10 is a structural connecting fitting with high fastening capacity, suitable for mounting with wood dowels.

TARGET J10 is an ideal solution for the installation of cabinets in tight spaces. It provides the possibility of pre-assembling into the panels without obstructing the packaging.

Through an additional drilling spot on the bottom panel, it allows to adjust the leveller placed underneath with a common allen wrench.

FEATURES AND BENEFITS

Easy pre-assembling

Simple pre-insertion into the panels. Conceived for automatic assembling.

Suitable for furniture in kit

Its unique features make TARGET the ideal solution for kit furniture.

No hardware kits

There is no need of hardware kits.

High-speed assembling

Mounting is extremely fast and efficient thanks to the pre-assembling of the panels.

Strong structural fastening

The panels are hard and securely fastened, therefore the cabinet is 100% stress-resistant.

Wide range of applications

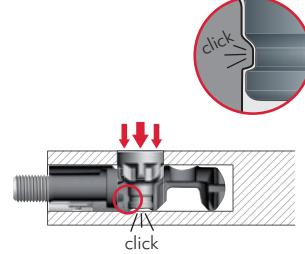

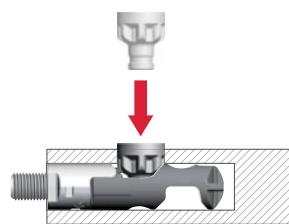

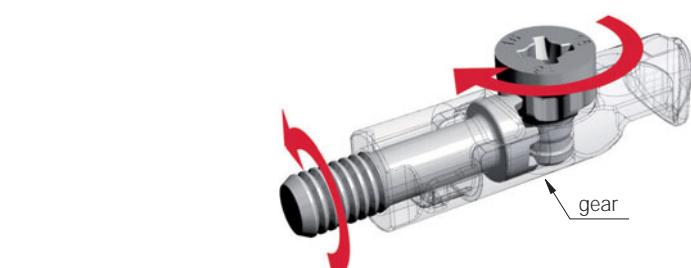

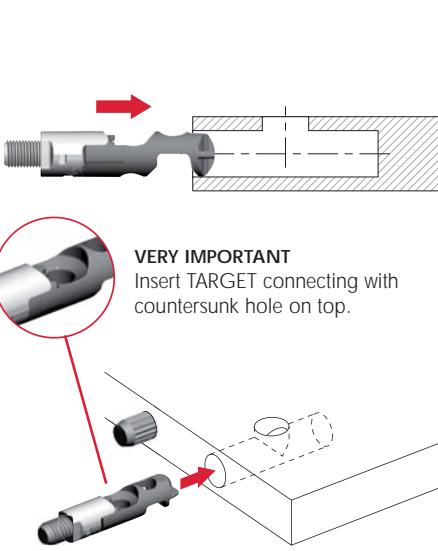

Practical solution for a wide range of applications.

15 - 25 mm

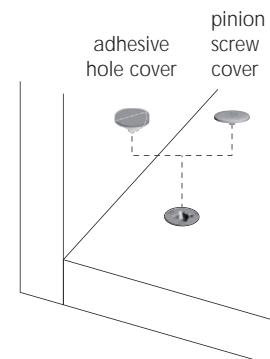

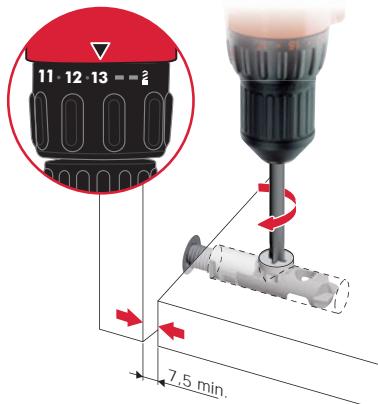

INSTALLATION

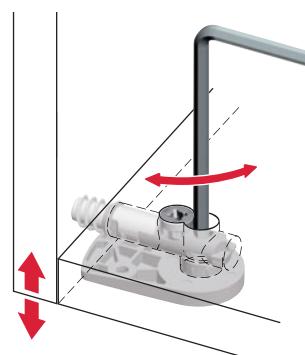

ASSEMBLING

VERY IMPORTANT

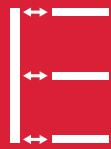

Cordless driver drill to be used ONLY with friction mode on.

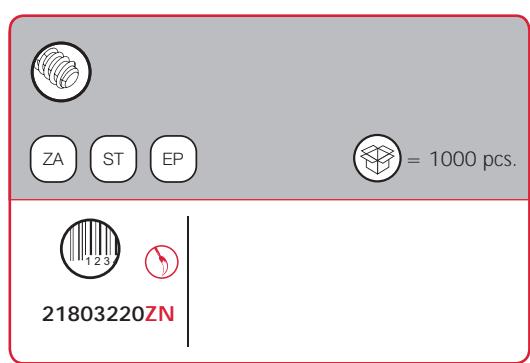

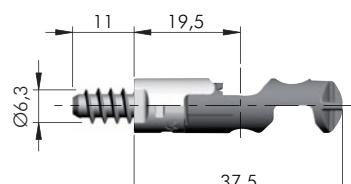

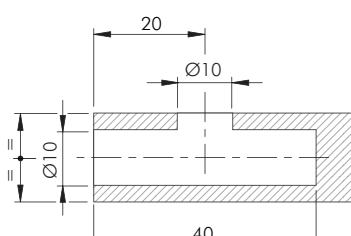

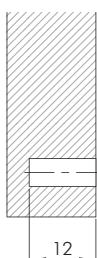

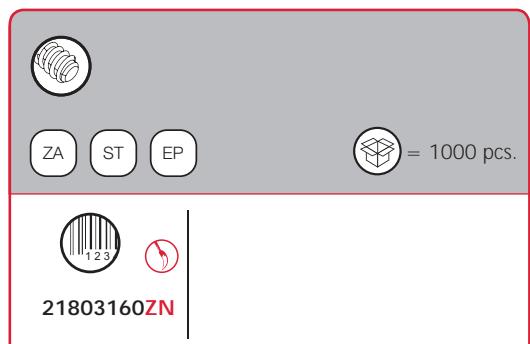

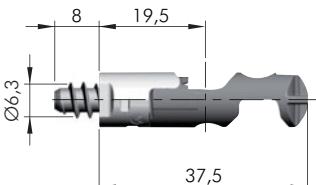

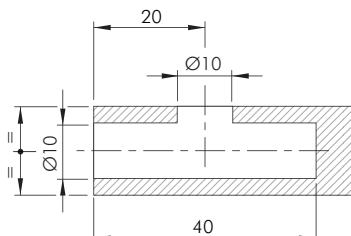

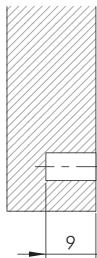

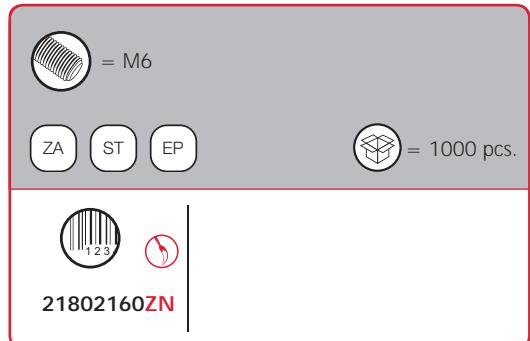

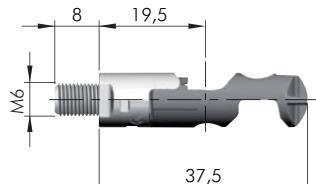

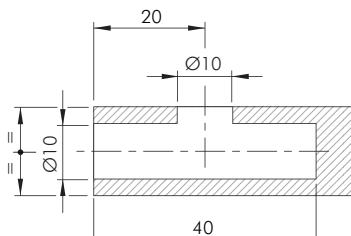

LEVELLER ADJUSTMENT

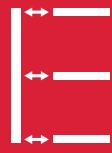

For details refer to the related section about adjustable feet available.

LH7.28 ADJUSTABLE LEVELLER FOR TARGET J10

LH levellers include a range of adjustable feet especially conceived for cabinet construction with TARGET J10 and TARGET J12.

Both LH7.28 and LH7.20 are suitable for wall units with weight-bearing bottoms and offer 5 mm adjustment with leveller safety locking when fully adjusted.

The engineering plastic glide is independent to prevent the scratching of the floor.

The loading capacity is 150 Kg each for both versions.

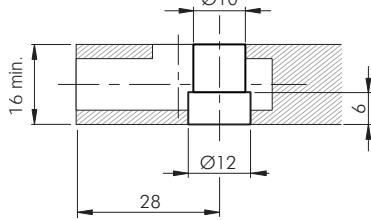

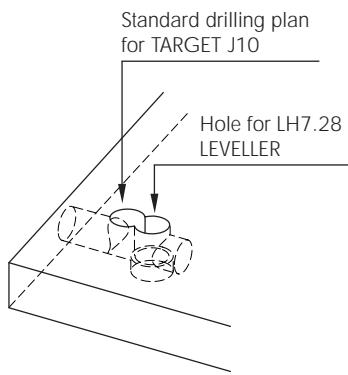

Specific features of LH7.28:

- Minimum panel thickness 16mm in combination with Target J10.
- Adjustment to be carried out with an S4 key by drilling a bespoke hole on the panel.

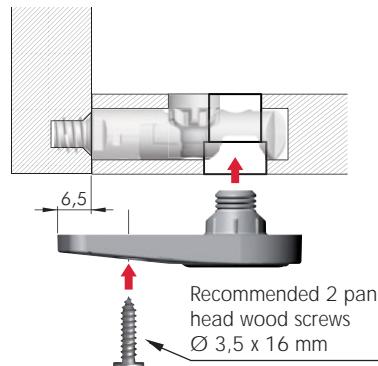

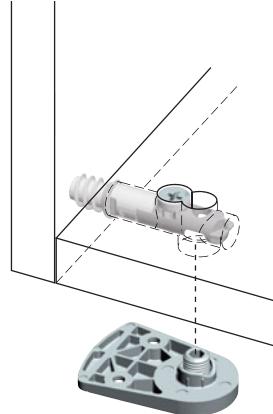

150 Kg per piece

TARGET J12

TARGET J12 is a structural connecting fitting with high fastening capacity, suitable for mounting with wood dowels.

TARGET J12 is an ideal solution for the installation of cabinets in tight spaces. It provides the possibility of pre-assembling into the panels without obstructing the packaging.

The through-passing hole allows to adjust the leveller placed underneath with a common allen wrench.

FEATURES AND BENEFITS
